 Open to relocation | Remote & On-site

Professional Summary

Versatile and tech-savvy Computer Science graduate with hands-on experience in IT administration, web development, and cybersecurity. Known for providing reliable support in remote and onsite settings, coordinating schedules, solving user issues, and maintaining front-line systems. Skilled in modern development stacks and IT troubleshooting. Certified in Cybersecurity and driven to contribute to tech-forward teams in Germany's dynamic work environment.

Education

Africa University – BSc Computer Science

Aug 2021 – June 2025 | GPA: 3.32

Final Year Project – Playful Minds (<https://github.com/C0de-Warrior/Playful-Minds>)

Developed an educational application that combines Augmented Reality (AR) and Computer Vision to create interactive learning experiences for early-grade learners in Zimbabwe.

- Built using Python, OpenCV, and ARCore, following Agile methodology
- Enabled gamified learning through motion detection and object recognition
- Designed to run on affordable devices for accessibility in underserved regions

Washington High School – A-Level

CIE Math, Physics & Computer Science | 2018 – 2019

Bernard Mizeki College – O-Level

IGCSE Certificate | 2013 – 2017
